<p><b>[Excellent]</b>          He made the topics clear and managed to make class enjoyable despite the fact that the course subject is not inherently interesting to me.</p>
<p><b>[Excellent]</b>          He was an excellent teacher. He explained everything clearly and made the topic interesting</p>
<p><b>[Excellent]</b>          He was very enthusiastic about the subject and encouraged some</p>

interest in me, when I had previously no knowledge or desire to learn about language before.

**[Excellent]**

I think you did a great job teaching this course because you got to the point and explained the subject matter well. Your homework handouts helped practice and weren't just busy work. Sometimes your pacing made me a bit anxious, almost as if we had to rush through the material for the day. But I may have been the only one distracted by that. However, overall your teaching was efficient. Thanks for a fantastic year, I really enjoyed having you as an instructor. Best of luck in Arizona!

**[Excellent]**

Luke was a fantastic professor. He made topics I would generally find boring to be fairly interesting by relating the topics to current events/popular culture. I would absolutely take him again.

**[Excellent]**

Luke was a great teacher! He was very clear about what we needed to know and provided wonderful examples in order to make sure that we understood the different concepts. The homework assignments were a great way to see if we actually understood the material, and he was always willing to go over the homework, or any other problems we had, in person.

**[Excellent]**

Mr. Smith did a very good job explaining the material and making it

easy to understand. He definitely know a lot about the subject.

**[Excellent]**

Over all he was great he not only found a way to get the class engaged but he also managed to indulge us to look at things in many different ways.

**[Excellent]**

Really great teacher

**[Excellent]**

The instructor was clear in what was expected of us to learn and made the course fun and interesting!

**[Excellent]**

The professor knows what he is talking about and explains things very clearly. He made the course very easy.

**[Above Average]**

He was a very knowledgeable and nice professor. He didn't give any unrealistic assignments and everything that he did give was straight forward and related to the exam. Never had a problem explaining anything more than once. He was also kind of funny, even though most other students didn't think so.

**[Above Average]**

He was funny and informative, if maybe at times a bit nervous, but overall it was a joy to witness his teaching.

**[Above Average]**

He was very well educated and familiar with the material. He wrote his notes kind of randomly all over

	the board, which made it hard to follow, but he always made sure we have a good understanding and idea of what would be on the exams.
	<b>[Above Average]</b> I think that Mr. Smith has a great way of engaging students in the material. He was great at explaining the material, and wanted students to learn.
	<b>[Above Average]</b> Objectives for the class were clear, and aequately covered throughout the course.
	<b>[Average]</b> He needs to have more of a flow when teaching. I felt like all the information was very jumbled and didn't really have a flow to it. The stuff we learned in class about the specific languages didn't really feel like they were tested on.
